**ADDENDUM 2**

ITB 45-0170 / Media Services AV Equipment and Installation / Addendum 2

---

ITB 45-0170 is hereby amended as follows:

**Q&A**

- Q1** All conduit, wire raceways, and back boxes are typically the scope of an electrical contractor. Please confirm these items will be installed by others prior to the installation of the audiovisual scope. If installation of these items are required under this contract, please provide specifications as they are not included in the bid documents provided.
- A1** All poke through (slab penetrations) will be provided by the construction GC. Utility Power (code compliant installation) will be provided by the electrician.
