

UC HASTINGS

COLLEGE OF THE LAW

RFP # 67-0165
Room Scheduling Software
Questions + Answers
12/1/2016

- Q1: The RFP mentions three different student information systems -- Colleague, Banner, and PeopleSoft. Which of these systems is currently used for academic class scheduling? Is there a plan to move this function to a different SIS in the near future?
- A1: Colleague is the system currently used for academic class scheduling. There is no plan to move this function to a different SIS in the near future.
- Q2: The RFP mentions that "cloud-based systems must conform to UCOP's cloud computing policies." Could you provide those policies for our review?
- A2: Please refer generally to UCOP's Information Security Policies:
<http://policy.ucop.edu/doc/7000543/BFB-IS-3>.
